Upper class!!!

Excerpts from CAR&HIFI 5/2010 test report

The **mosconi** visually stands out in a crowd, it is a glory and an example of **delicious** design.

Attenuation and distortion factors are **first class** and flawless and the signal to noise ratio makes top marks, up to **1ohm stability**.

Clever circuitry and filters are all reasonable possible ... including optional **plug-in cards** and **G_HP G_LP** for HP and LP filters as well as **G_HOC** for car-specific correction of frequency and stage imaging.

No little sound escapes the ear.

Voices sound **natural** and **beautiful**. The drummers bass-drums are **very strong**.

With **superior sound** capabilities it is the power, control and flow of the game makes the **Mosconi** a winner.

CAR&HIFI 5/2010 test result

● Sounded	40 %	1,0
● Laboratory	35 %	1,1
● Practise	25 %	1,0
